OVERVIEW

Title: Leveraging English Learner Assets through the Arts, Grades K-12

Description: This module will focus on using the Arts as a lens through which we view the importance of cultural and linguistic connections English Learners make to the Arts. Leveraging student assets and building into and from the content will provide full and meaningful access to 21st century skills, resulting in attaining high levels of language proficiency and mastery of grade-level standards in the arts and across other content areas.

The Presentation Chart will provide an overview of the entire module (available under Downloads.)
