

Creativity Residencies

Celebrating & Elevating Educators

A One Day Immersion in the Arts

You are dedicated to building your students' creative skills, but what are you doing to build your own creativity?

Creativity Residencies is a one-day in-person professional development opportunity open to all PreK-12 educators. It will be held at the College of San Mateo. You will participate in a series of art-infused activities and have an opportunity to connect to classroom content learning as the day closes. Ultimately this day is an opportunity to celebrate kindness, empathy, and connection through the power of the arts.

Meet your guest artists:

Lisa Rowland
Improv Theater

Joe Torres
Music
