

Expanding Access to Arts Education

25-26 Community of Practice

Community of Practice participants will build their capacity for leadership in arts education by:

- Exploring opportunities for expanding access to all students including emerging multilingual learners, students with disabilities, and students in under-resourced communities.
- Deepening understanding of various models for funding arts education.
- Sharing ideas and promising practices around arts and arts integration.
- Hearing from a variety of arts education leaders and engaging in conversations around problems of practice.

The passage of the Arts and Music in Schools Funding Guarantee and Accountability Act (Prop 28) has brought increased attention to the need for strategic use of this and other funding streams to fulfill the goal of equitable access to fully staffed, sequential, standards-based arts education for all students at all grade levels. The 2025-26 Community of Practice will continue to explore how to realize the promise of Prop 28 through strategic planning and creative approaches.
